

The 2024 Meter Reading Schedule indicates the dates SMUD will be taking a read from the meter.

- 1) Locate your billing cycle on your SMUD bill.
(See example below.)
- 2) Find your cycle number in the "Cycle" column on the schedule.
- 3) SMUD will read the meter on the date to the right of your cycle number.

About the electric meter

Most SMUD customers now have a smart meter at their home or business. Smart meters use digital technology to securely transmit your electricity usage information directly to SMUD. That means you won't have to send meter readers out to read the meter. If you have a smart meter, you may still see SMUD representatives in your neighborhood.
